Manager's Message

Hi all!

A new format for the newsletter this month. I hope you like it and find it informative. On the left, you can link to items on our website by clicking on month under Upcoming Events at anytime to show you our Loan Specials and hours for the month, for example. Other links will be specific to the current month. Finally, I will highlight one or two items here.

I do have a plea... please make sure we have your correct information We recently have been unsuccessful trying to reach members for various reasons, including their replacement debit card coming to us because an address was not updated. And when we try to call the member, the phone number is wrong. So please remember to notify us when something changes, you can even do so via home banking. Thank you!

Lori

Share Secured Loans

Building Credit?

A Share Secured Loan is a great way to build or rebuild credit. At just 2.5%*, you can borrow up to the amount you have in your shares and want to use to secure the loan. As you pay the loan principal, funds become available for use.

Want to establish credit for a child, grandchild or other family member? Funds can be secured in your account and your child, grandchild or other family member will be joint on the loan and when they pay the loan, both your credit reports will reflect that.

Have credit? Why not use a Share Secure Loan to pay off high interest debt?

Call for more details on Share Secured Loans or any of our *low rate* Loan Products.

*Rate subject to change and includes current Loan Special. Must qualify for a loan under our current Lending Policy.

Here is a helpful just for newsletter readers

My car insurance is up for renewal later this month. My notice came and I was shocked by the cost. I called my agent and was able to cut my cost significantly on both my auto and home owners policies. When is the last you looked at your insurance coverage? Maybe you can save too. And remember, your credit score is one item affects your car insurance rates. Good luck! *Lori*
